Tim,

Being that I have the SOW and IGCE, it's just a matter of how fast I get the approval for the funding from the Chiefs.

Kellon,

The attached spreadsheet is the latest cost estimate increase. I believe this will be the last one but I won't make a promise. Can you give me some idea how long this might take to get through the R6 process and over to the contracting officer? They will be raising the ceiling on the contract to do this so they will need the PR in hand to complete that action. I have Cc'd them here so they will be in the know when you respond.
